

# Carbon Reduction Plan

Supplier name: **Remote Guarding Services Ltd**

Publication date: 01/01/2025

## Commitment to achieving Net Zero

**Remote Guarding Services Ltd** is committed to achieving Net Zero emissions by 20**35**.

Our commitment to Net Zero by 2035 aligns with our long-term sustainability goals and operational efficiency improvements.

## Baseline Emissions Footprint

Our organisation has not previously conducted formal emissions reporting. We are currently implementing an emissions tracking system, and **2027 will be our Baseline Year** to ensure accurate reporting of Scope 1, 2, and 3 emissions. This will serve as the reference point for measuring future reductions.

|   |                            |
|---|----------------------------|
| Baseline Year: <b>2027</b>  |                            |
| Additional Details relating to the Baseline Emissions calculations.   |                            |
| <i>We will measure Scope 1, 2, and relevant Scope 3 emissions in line with UK GHG Reporting Standards and provide updated figures annually from 2027 onwards.</i> |                            |
| Baseline year emissions:  |                            |
| EMISSIONS   | TOTAL (tCO <sub>2</sub> e) |
| Scope 1   | <b>XX</b>                  |
| Scope 2   | <b>XX</b>                  |
| Scope 3<br>(Included Sources)   | <b>XX</b>                  |
| Total Emissions   | <b>XX</b>                  |

## Current Emissions Reporting

**Reporting Year: 20XX**

As our Baseline Year is 2027, **current emissions reporting will commence after this period.**  
No formal emissions data is available before this date.

| EMISSIONS                     | TOTAL (tCO <sub>2</sub> e)                                       |
|-------------------------------|--|
| Scope 1                       | XX   |
| Scope 2                       | XX   |
| Scope 3<br>(Included Sources) | XX   |
| Total Emissions               | <b>Emissions reporting will commence from the 2027 baseline.</b> |

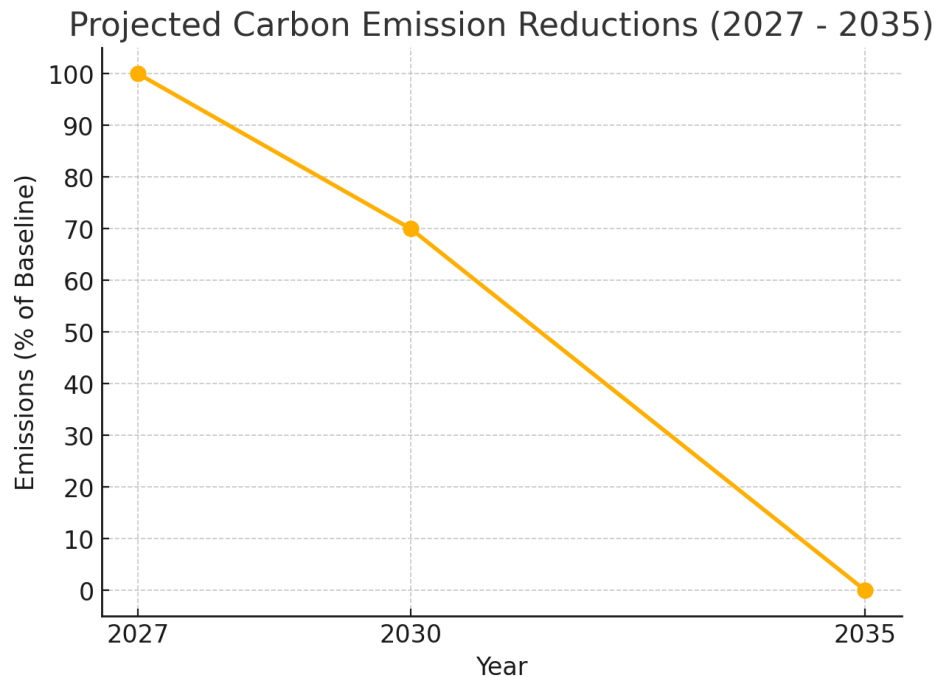

## Emissions reduction targets

In order to continue our progress to achieving Net Zero, we have adopted the following carbon reduction targets.

- **Convert 50% of fleet to hybrid/electric**
- **Use 100% renewable electricity for offices**
- **Cut business travel emissions via remote work & digital reporting**

We project a 25-30% reduction in carbon emissions by 2030, reaching 70-75% of our 2027 baseline.

Progress against these targets can be seen in the graph below:

## Carbon Reduction Projects

### Completed Carbon Reduction Initiatives

The following environmental management measures and projects have been completed or implemented in our company.

We have implemented the following carbon reduction initiatives.

- **Installed LED lighting and energy-efficient appliances in office spaces.**
- **Implemented a remote work policy for admin staff, reducing commuting emissions.**
- **Switched to digital reporting, cutting down paper usage.**
- **Encouraged public transport or carpooling for security officers.**

To achieve our Net Zero 2035 target, we plan to implement the following initiatives in line with our carbon reduction strategy:

- **By 2030:** Transition to **100% renewable electricity** for office location.
- **By 2035:** Fully electrify fleet operations and achieve **100% paperless administration.**

- Adopt **ISO 14001 Environmental Management Certification** to formalise sustainability efforts.
- Implement **energy monitoring systems** to track and reduce power consumption.
- Continue partnering with suppliers that meet sustainability criteria.

## Declaration and Sign Off

This Carbon Reduction Plan has been completed in accordance with PPN 06/21 and associated guidance and reporting standard for Carbon Reduction Plans.

Emissions have been reported and recorded in accordance with the published reporting standard for Carbon Reduction Plans and the GHG Reporting Protocol corporate standard<sup>1</sup> and uses the appropriate Government emission conversion factors for greenhouse gas company reporting<sup>2</sup>.

Scope 1 and Scope 2 emissions have been reported in accordance with SECR requirements, and the required subset of Scope 3 emissions have been reported in accordance with the published reporting standard for Carbon Reduction Plans and the Corporate Value Chain (Scope 3) Standard<sup>3</sup>.

This Carbon Reduction Plan has been reviewed and signed off by the board of directors (or equivalent management body).

### Signed on behalf of the Supplier:

A handwritten signature in black ink, appearing to read 'Waheed', is written over a dotted line. The signature is fluid and cursive.
